Comments on the Run:

Soon there will be a state-of-the-art table at the run-site and a book and pen for the tigers to write their fucking comments on the run which they just did. When you come back happy or screwd-up release your anger or satisfaction on the book.

Paper Trail in Hash:

PH3 is the first hash chapter on the Island of Penang, and has reached its 45 years of existence. Its members who are now called tigers (no calling; Hashers, Hash man, Gentlemen of the hash and so on) We have many veteran tigers. We have seen and ran thru the hills of Penang in and out or at least you must have improved your sense of direction or in hash term called “smell the paper” Do we need to throw papers to mark the track by tons of it? Let’s show we are the veterans, we could smell paper. So, the hares do not throw so much, just lay piece by piece at every 2 meters along a clear

Malaysian Joke

Continued from last week:

The UMNO contractor doesn't measure or figure but leans over to the Government official and whispers. "\$2,700". The Official, incredulous, whispers. "But you didn't even measure like the other guys! How did you come up with such a high figure?" The UMNO contractor whispers back, "\$1000 for me, \$1000 is for you, and we hire the guy from MCA to fix the job". "Done", replies the government Official.

Paper Trail Continued

visible track. In a bushy, unclear, thick foliage, lay a paper at every one meter and also could clip-on.

Let there be some excitement in looking for the next paper and the next, everytime. Too many papers will encourage the fit ones to close their eyes and run as fast as possible.

Besides, we are polluting the environment. It won't take long until a hiker makes a complaint, the Authority concern may lay conditions.

THE BURST, RUN 2417, 8/3/10 at Bkt. Gambir- Chinese Temple.

Hare: Kali, Co-hare: Bina.

30 tigers present

3 Guests: HIV Darwin, LBJ, Wanker aka Adrian/ Phy hash.

GM announced the long list of the Receding Hairline is not complete. He requested the tigers to give their intended runsite minimum of 2 weeks before the run date.

On-Sex announced, "bring your money for the Harriets's 2000 run rego."

VGM2, don't remember what did he announce.

No Burst received from any tiger.

Hare's version how the run was set:

The papers started going up between the concrete steps and the temple care taker's house. There was no clear trail along the way, but have to depend on the papers which were found every five to ten feet.

Papers went up to the top of that small hill, from there it went skirting at the back of the temple-hill. Along the way there were two checks that leads to the top but with a bar before reaching the top. Immediately from the second check-up, the paper went down the thick foliage, a slippery steep down and big boulders finally reaching the farmers' house. From there following the paths of the farmers' that went on until no papers. That was 3rd 'mini check' or called 'chicken check' or 'half check'. I don't know how many were caught here.

The paper lead behind, on cement track for a while until it turn left, that leads towards a temple and to the top where the hiker's tea kiosk is.

That's it, from there on down to the beer truck. Of course passing by the horse stable owned by the Datuk Syed Aidid.

Was it a good run? No idiot tiger commented on it as I was by then got drunk with hare's quota of beers.
