Run 2428 by Orr Lee at TAR College. VOTembe.

Decisions made at Committee meeting held on: 12-5-10.

1) **GAB** have increased the price to 0.30cents/bottle of Anchor beer that works out: 13 Mondays in a quarter, 13 x 2 = 26 bottles.
2 bottles more if you pay-up your quarterly subs within the first 2 weeks. 28 bottles times 0.30 cents equals to \$8.40 increase. Thus the committee decided **reluctantly** and with **painful heart** to increase the Quarterly subs to \$130/quarter wef from next 3rd quarter.
The committee hope the tigers will bear with that small increase.

2) **Committee members** who absent from attending the committee meetings for 2 consecutive meetings without pre-apology will be given a show cause letter asking why he should not be sacked from the committee for being so stupid to miss the free beers given in courtesy by GAB.

3.)VGM2 have taken the task to organize the 2nd. **1 MalaysiaRun** on 31 -8-10. He has started on this project immediately. He seeks tigers' support, whoever he ask upon. Even you don't like him, pls. support him for the sake of your club - PH3. He is not given any money from the Club fund. He has to churn it by himself. Any profits not intended but if there is, will go to the Club kitty.
So, Tigers, all of you are responsible to support this event. Keep cracking on how you could Contribute.

4) **VGM1 Visit to the Brewery**
He is still waiting for the reply with the approval.
We cannot request for any specific date preferably on a weekend as it depends on GAB's schedule. It may fall on a week day. Leave early in the morning and return late night drunk. You may have to apply for a day leave for those salary earners.

The Burst on run 2426 by Khor at Bkt. Gambir, Chinese Temple.

31 Tigers were present. If you were to stand at our usual run site at Ivory tower and look up at the hills, you will see the tallest hill on the left. That's the hill the Hare made us to scale starting from the Chinese temple on the far right.

The first on up was a cobra infested loose rocks cliff, then we reached a plateau and up another Small hill then emerged on to a familiar motor-bike trail. We followed this trail for some distance then instead of taking us on-up on the right, the paper led us to the left towards USM apartments. At a point to turn left and head for the apartments, we found the paper going up to that tall hill.

I had a stomach ache, I felt like heading towards the apartments but Albert Moh challenged me, my stomach ache disappeared. That was a long killer 3rd. on-up Fuc..ng the hare all the way up.

The hare took us right up to the tip of the hill, you know? Then on down at the back of the hill for some distance. From here there is a farmer's motorbike track to the run-site, but the corky hare laid papers up another hill (4th. One) right up to the top and down at the back thru a slippery down a virgin trail. From here we hit the farmer's track that lead us all the way to the Temple where the beer wagen waiting for us.

Yours truly finished the run with 1hr 45 minutes (3rd last runner) 2nd last runner was TT, and the 1st. last was Ong.

It took 4 macho men (the hare, Soon Gee, Wan tan mee, Peng

Hong) to set this run which was a very easy task.

Shark enjoyed the food provided by the hare as he was praising again and again hoping for a third round. Not getting the 3rd round, he disappeared from doing his hash whipping job.

It was a long run for me as I am into doing 1800 runs. The others seemed to have enjoyed that not-so-long run.

The hare gave free beers (2crates of tiger in can) to the homeless after the beer wagen had left.

The Burst on run 2427 by Lionel aka Black European at Charly the Stinky market.
29 tigers turned-up with 4 german guests included Marco.

After the Gm's announcement that the committee decided to organize this year's 1 Malaysia run. TT Yeo is the Organizing Chairman. He requested all the tigers to support him for the success of the event. No funds from the club approved but expected some money for the club's kitty.

The tigers started to walk along the hash highway all the way until at point turn left on up a short distance then down on ropes guided. Half way on down, if turn right that leads to water lily pond, but we went further down crossing little stream and on-up. This on-up was quite tough, when the 4 germans over took me. On-up to the top of Mt. Olivia whose bungalow now gone to dust with deep hole left. From here paper led us to the left for short distance then right on down the bee-hive track. Now the bees have been migrated to some where no hash men would intrude their privacy.
(ending here, no more space)
