A Word from the GM

The question's been asked as to why the Hare is put on Ice nowadays? "Ai yo, we never practiced that in PH3..." Yeah, right, an "argument" heard before... The Hare is put on Ice as an acknowledgement of his great or not-so-great work done. To be called on the Ice is an honour and a grand moment for the Pack to pay their respects to the Hare. That's why it's so important that EVERYBODY participates in the Circle! NOT participating is showing disrespect to the Hare and other lucky Hashmen who are chosen to be put on Ice! Hash is all about respect – we respect everybody and we show that during the Circle! In Hash everybody is equal – only the GM is a bit more equal....

Don't forget the Harriets are having a "Charity Fancy Dress Walk" this Friday August 31<sup>st</sup> at D'Juice at 4:30 PM. Guest fee / donation is RM 20 and the proceeds will go to the Handicapped Children's home in Bukit Mertajam.

This Saturday the 1<sup>st</sup> of September is the Ball Breaker point-to-point. The run starts at 10AM from Chin Farm and goes approx 20km to Botanical Garden going over Laksamana, Western and Olivia Hills. Bus pick-up at Botanical (D'Juice) at 8:45—hope to see many of you there! See SK to sign up – just RM 35 for all the goodies.

The hash started with the usual, trying to locate where the run starts! Announced as lower car park Bayee Pass that shouldn't be too difficult arriving at 17:35 at the lower car park nobody of course! What can you expect from an ex GM! Driving further up the road I saw Dildo's limo driving down the hill.... Anyway a lot of Hashmen were already gathered on the top car park complaining that the lower car park is dangerous "well if you want to run a couple of extra miles please start

from this car park" the GM replied. Well the lower car park is not the safest place on earth but the parking skills of some hashers really make it a designed for disaster place. Two Fingers, there is big shortages of Bus Drivers, please apply!!!

The hare of the day managed to show some of his mismanagement skills by not showing up at all! Amazing – haven't seen that for a while. Dildo and Albert Moh where the Cockhares of the day and announced the run: "2 checks no farmers daughters but enough foreign workers as alternative." Well, you can trust a Bayee on that one! The run started down, nice jog and Fat Legs found the paper going in. On up to the first check and for my first time in Hash a farmer actually told us which way to go! We haven't been here for so long this ignorant farmer doesn't remember how devastating 50-odd runners can be! Anyway that check was easy. Next check bit further down on a T-junction Fat Legs and Lam went down Rudru and Roger went up and the GM coordinated from the T. Great teamwork and paper was found on the up road so that was the last of the checks. Then the gradient increased to 85% -- not ideal for 200-lbs runners, so the skinny buggers managed to catch up fast and overtook the GM risking a cold ass but they were not bothered at all. We entered beautiful plantation with great views and a little consultation with Ah Bay learned that the flowers where Dahlia's (the GM's knowledge of flowers doesn't go further than Tulips!)

After all the climbing we ran into a bunch of foreign workers who were all asking where their friend Dildo was....

Then we commenced the On Down where 200lbs give a great gravity pull so the lost time was made up soon. Again there was a farmer giving directions but he was selective in his advice. We ran into Rudru who was going up hill again on advice of the farmer??? We arrived back at the runsite before 7 – about a medium run. Good original run enjoyed, well done! Food was brought to the runsite around 7 and it was served straight away! That is a big NO-NO! Show respect to the rest of the runners and wait until everybody is back, within reason of course!
