A Word from the GM

For those who where utterly disappointed with last Monday's short run, there was a great opportunity to log some serious mileage (20km!) on the 2nd Annual Merdeka Run! Some 200 over runners started from Chin Farm up and over Laksamana (760m) then up Western Hill (840m) all the way down to the Hash Highway before going over Mt Olivia (300m) and finally on down to the Quarry Park at Botanical Garden! A couple of Butterworth Hazards managed to do it in 3hr 15min (unbelievable!) and some BRATS ramblers took more than 11 hrs! PH3 was well represented: Rudru & Mini Sausage led the pack in just over 4 hrs; Black Lee, Kan Ni Lak Tau & Shark in 5 hrs to 5.5 hrs; Hock Keong was seen babysitting a hot bimette, which slowed him down considerably at 6+ hrs. Miss Piggy was spotted on Friday night drinking rocket fuel & eating gun powder which resulted in a meteoric dash up Laksamana but by the time he was trying to summit Western Hill he flamed out in the sudden torrential rain – Miss Piggy seized up with cramps and was seen wallowing in the mud, just how he likes it! The rest of the MCA came out one by one with Oh Loong looking very fit after the run (I guess he's hiding his true capabilities on Mondays or he found a good shortcut!) Boys, this week marks the inauguration of the Mystery Whip! For those not familiar, a Mystery Whip is a runner secretly appointed by the GM before the run who's duly empowered to put at least one miscreant Hashman on Ice during the Circle! Normally the Mystery Whip picks somebody who did something stupid during the run like short cutting or getting lost but it can also be for oversleeping for the Merdaka run like Playboy. Use your imagination and watch carefully during the run which runner deserves to be put on Ice.

Upcoming event: PI Hash Hounds Annual Dinner on the 26th of October, venue: Dorsett Hotel (formerly Sheraton), Guests RM 55, buy your tickets from the GM! Last year it was a helluva great party with good food so everybody sign up!

2285 27/08/07 Two Ringers run, Bukit Gambier, Scribe: TiTio

This burst was written because the great white "SHARK" aka GM arm twisted me. I wonder whether he will put me on ice again if I refused. Down with "SHARK", but if he spend the money, we will vote for him this coming ERECTION.

Now back to the Burst for DR Two Finger's Run. He has a Long History

of setting short and stupid Runs, and this Run was no exception. I think it is his nasty attitude, a "TIDAK APA" ATTITUDE. I hope he does not apply this kind of attitude to his patients. Even before the run starts, there was no great expectation, everybody seem to expect a more or less short run. Even before he set his run, the previous week, he told me not to expect much from his run because he could not find a co-hare. - BULLSHIT
Lame Stupid excuse, Contract your run out like our white servant to the late Loh Boon Siew - Colin Morrison did. A plus sign to Colin. To put matter in the right prospective DR Two Finger do not put any effort into his run, a TIDAK APA attitude. Just because his turn came he got no choice but to set a run.

The GM called for circle at 6.05pm and then invited the Hare of the day to say a few words, even before Dr.Two Finger finish one sentence, there are great confusion. As he ramble on nobody understand a word what he is trying to say. Even our English man Mr. Colin Morrison was utterly confused. Do you expect Ah Tian or Wu Loong to understand? Caught something to the effect of "Front Runners out in 45 min and Back Runners out in 35"!

Anyway it was MAX who showed us the way to start the run, crossed the tar road up a small slope and down the cement steps into Island Glades en route, Bala Taiping, Wu Loong and many other hash man complained about the mini - hash paper on the trail. The run then turn left into the hill and a slow climb to the top. There were many Tuesday Kakis paper on the trail which later add up to a confusion at the top of the hill, or was it the top of the hill? First to turn back, and coming down trail was Black Lee who complain of a toothache extraction. Then followed by MARCO the German HULK aka MARCO POLO.

When I reached the top there were Hash men everywhere, in all direction, looking for mini - papers, no call for paper to follow and everybody was confused. Computer Lim then back track down the hill followed by many other hashman. Then Dildo shouted for us to follow him. He led us down a Virgin trail followed by Kali, Porky, John, Pravin (Lionel's son), Ah Leong and a few others. It was not a difficult on - down, as we drew nearer to the bottom of the hill, we came near to a farmer house with ferocious dogs barking at us. The farmers have to re - strain the dogs for all of us to slide past through and then out into familiar trail at the foot of Gambier and normal winding trail back to Anchor. As we are all strolling back, Roger Rabbit, SHARK, and Rudru ran past us. Apparently, this trio have earlier reach the top of the hill and found paper going down on the left. They knew the run will be too short and decided to head for Farlim Hill and then skirt back to the Tea house and back to Gambier Route and down to run site.

First to complete the run was Ah Tian a mere 28 mins run. When I reached the run site, almost all the Hashman are already back. What more can I say about the run. Common consensus is that this run is a stupid run. As Kali simply put it Dr. Two Fingers don't know how to run and complete a HASH Run. How do you expect him to set a HASH run, Point noted.Committee please take note, either force Dr. Two Finger to set a reasonable Hash Run in future or ban him from setting future run. ON ON for true Hashing Spirit.
