

WORD FROM THE GM.

Our first run of the year turned out to be a great success with many members showing up! Most of the people think they know this part of the Penang jungle very well but amazingly enough people were coming back from every angle and direction! There were even runners blaming the GM that he didn't announce it as a point-to-point run! Bob brought a guest from Denmark who realized after his adventure that he has to work on his fitness he almost got killed by a overhanging branch looking very beaten up the next day in the office! The icing was the least of his problems, as an ex navy officer he is used to being put IN ice! In the

Danish Navy when virgin seamen cross the Arctic circle they hack a hole in the ice and they are dunked seven times into the icy sea! So all you girls stop complaining about the icings! Next week Roger Scuba's run at Bukit Jambul Car wash but a bit further down??? Ask him for erections!

One more thing: Pay your subs!

Burst of January 7th run number 2304 Hare: Bala Taiping Scribe: Khoo Boon Wah

After a long break it was good to go to the run again. Too much partying and drinking so I needed a run to lose some weight. There were a lot of runners and one Ang Mo Kau guest from Europe a big fat bastard like me. The terrorist Hindraf GM who is now shooting people in lifts called the circle and gave us some usual crap that I couldn't understand. The hare announced the run as medium with one check but why would I care since I never check just follow the short cutters easy lah.

We were sent to the Botanical gardens long road run fuck the hare and then past a rubbish dump why start the run at a rubbish dump put the hare on ice! The toilet was very nice I took a big shit before starting always a lot lighter after a big shit so can go less slow. Then a big virgin on-up very steep and slippery fuck the hare! When we reached the top finally a track we of course would never go off the track again no matter which way the paper goes. So then it

started raining fuck the hare put the bastard on ice!

We followed the track to Charlie Market so we could prepare for next week's run when Ah Bai is having his run in Charlie's. We hit the hash highway and then I called my coolie Playboy to pick us up from Charlie. Why go up when you can come down and have coolies to pick you up?! Put the hare on ice for going up when he could go down Gila Monyet! Playboy picked us up and put us all in the back of his pickup truck at least 8 of a short-cutting bastards did out first point-to-point run of the year! Put the On Sex on ice for not putting this run as a Point-to-Point in the newsletter! Put everybody on ice that went all the way because they're stupid not to short cut! Run with your head not with your balls you Bodos! My suggestion for the next GM: stop using paper on the runs a waste of money just go and run a bit and find your own way! Playboy on ice for letting us wait 3 minutes at Charlie Market!
