WORD FROM THE ON SEX

The GM's still in Perth, doing some post-Interhash wine-tasting with his better half. He'll be back in a few days with all kinds of new ideas for torturing you buggers based on all the Interhash Cirles he's seen.

I just got back from Interhash this morning myself after 3 days of great hashing Down Under with **Shark**, **Kali** and various others from Penang's other hashes including **Gangreen**, **W'Anchor**, **Texas Bullshitter**, and about a half dozen Harriets. Our former member **Roomy Boy** was there from Tianjin as Guest Hare for the B4 run to Quinn's Beach, an 11km run that Shark and Gangreen co-hared. W'Anchor and I helped as sweepers Sunday.

Only Penang partici-

pants in the 24km Ball-breaker were Shark, W'Anchor and myself, finishing in about 3.75 hrs in hilly bush terrain near [Mundaring Weir](#) in 35° C heat. Tough run, great scenery, but no 'roos to shag.

Also sighted in Perth were a big group from SP incl **Voodoo** & his brother **Tipu**, as well as **The General** from KL who sometimes runs with us.

Next Interhash is Kuching 2-4 July 2010. Let's see a much bigger PH3 contingent!!

Word from On-Sex, cont....

I'll stretch this Word a bit further since there are few of our mates for you to keep in your thoughts:

Longfellow is still in very grave condition at Gleneagles. Let's hope for a miracle, he needs all of us pulling for him.

Monty Python had surgery and is recovering well at Lam Wah Ee. Let's hope we see him back next week at least for the Circle.

Dr Gopi's mother passed away last week, so he'll be absent today but hopes to be back with us next week for **Snowy's** run.

On On!! Bob "KNLT"

Burst for last week's run:

Hare: Rubber Kock

Runsite: Leader Garden

Scribe: Marco Polo

Marco mati kang kang after run

I arrived late at the runsite and all hashers except **Mini Sausage** and myself were on paper already. Right at the beginning of the trail, I stopped to pee on the first hash papers to bless the run,

when **Mini Sausage** passed me puffing a fucking hand-rolled Dutch cigarette in his mouth. Of course he did it on purpose in order to keep me, a serious non-smoker [right!], behind him. I purposely kept a big gap between MS and myself for the entire run because I didn't want to ruin my health from his cigarette smoke.

The run started with a nearly-vertical on-up to the ridge then down over the back into the hidden valley where we followed the meandering stream until the waterfall at the head of the valley where we again had to ascend in 4WD a virgin trail relentlessly to the very top. I struggled my way up the hill; alternating 10 min of walking with 5 sec of tree hugging, overtaking some of the slower Hashers like **TiT Yeoh**. Finally, after about 50 min, I reached the broken circle check that fucked up **Anchor Lim** and **Rudru**, who I heard both went right toward Batu Feringghi instead of left on down the standard ridge trail. On the on-down, I caught up with **Black German** and **Khor**, overtaking them at autobahn speeds like a good German. Overall, great run and excellent makan + some free beer. On On to all from fucking freezing Germany, see you again in April maybe!
