

WORD FROM THE GM.

Lets start with congratulating the Hindraff for this great victory! Well done one extra holiday for KL. Malaysia is short of holidays so this is great news!

Our sincere congratulation go out to Rudru who's son got married yesterday with a beautiful lass from KL.

Unfortunately one hash man had some trouble with the temple etiquette photographic evidence was taken and the prosecutor is working on a proper punishment.

Dildo, after years of hopeless attempts, now masters emailing as a pro and send the GM his runsite as follows: Burst for Run 2308 on 4.2.08

I foresee an open ocean but you can walk over the sea water, pass through a haunted (maybe) house onto the jungle with most likely 3 longer checks for front runners with one running fountain of youth. Those who will drink from this with their bare hands will be blessed never to grow old!!! Run site.....?????

Dildo.

Anyway we have 2 weeks to figure out where the runsite might be...

More important next week's run MARCO POLO REVENGE RUN AIR ITAM DAM

Be prepared!

HASH FLASH

MARCO POLO

is living up to his promises he is planning a **REVENGE RUN** on the 28 of January 2008! Brace yourself. The runsite is announced and guess what? **AIR ITAM DAM!** Make sure you bring plenty of **torch-lights** and don't bother bringing water!

One more thing: Pay your subs!

Burst of January 14th run number 2305 Hare: Ah Bai Scribe: Playboy

I like to thank the GM for this opportunity to write this burst its a great honor thank you GM.

Let me begin with last weeks burst from Khoo Boon Wah! Why does he want to put me on ice! They were stupid enough not to follow paper and short cutting then I come and rescue them and now he wants me on ice! Dear GM this is not fair you have to put the short cutters on ice! KHOO BOO WAH on ice!

Next time you call me to the ice please take a look alike I think my brother looks a lot like me!

Back to the run from Ah Bai at Charlie Stinky Market. Ah Bai our trusted flower man is surrounded by the nice scent of his flowers all day long so he likes to smell some chicken shit every now and then that's why he loves this runsite! Ah Bai is very busy making a lot of money so he contracted the run to a china men who was smart enough to have 2 contract and set also the Kaki's run at the same time! The run started the usual up and the hash highway and then to

the left up the hill. All the way there was a lot of paper but still some blind runners managed to miss the paper how is this possible! We kept on going up and down and up and down and I was trying very hard to pass the GM who was in front of me. I was with Take Care; Black Lee and Hock Keong. On the last on down I saw the GM getting stuck in the machine guns and that was my change to overtake him and do a big fart just in front of him! I knew he would not smell it anyway because the whole place stinks like hell and my little fart will not make a big difference! Then I hit the hash highway again my buddies stayed behind the GM afraid of repercussion in the circle the GM is know for his Kaizu!

I came out as second Fat legs was the only one in front of my. It was a nice run through some virgin stuff with some streams and a lot of thorns. I would say it was short to medium. Thanks Ah Bai for the run good job.
